I wouldn't be able to give out this elegant aura.
Whatever Akira plays becomes first class Jazz! It's great!
oh!
I don't know.
I heard it on the radio this morning and since it was catchy and energetic I decided to arrange it into a piece.
What tune is this?
No matter how you look at it Akira is beautiful.
Even if I was Akira,
Even tunes like this can be interesting.

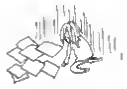
Greetings and konnichiwa! I'm Nishigata Mai.

For those who have purchased my comic, Venus Capriccio, for the first time, thank you very much!

It will need to be re-examined before it's put into book form because I sketched Volume 01 a year ago. Therefore I have to change a lot of the art in the manga to make it less confusing here and there



No matter what, if you enjoy this, I will be very satisfied.

...feeling better now?

Eh... Ah...

Yeah. Thank you.

fu: blurted out laughter

fu Takami.

There is a big piece stuck to your face.

Eh?

Now I can forget that guy! PFFH!

What? Where?
It's kinda nice.

There's an opening ceremony at my friend's shop next Sunday,
and I was asked to perform for the occasion.
EH? Akira is gonna perform?! At a club?!
I've performed at that shop before.
You've gotta be kidding! This is the first time I've heard anything about it!
That's because it was always late at night, so I couldn't ask Takami to come and watch.
I kept it a secret.

Can you play it again?
Did you like it?
It's a tune that my friend likes.
A Project Done By Manga Abyss
The tune's name is——
Piercing eyes...
and
Gentle manners
Shining golden hair...
His smile while he was playing that tune was beautiful
It was the broken love story's theme song, "Chill out".
ah
I might have been the one who forced him to play it.
The song still echoes in my heart.

STANDS UP
You!
What do you think of Akira-kun?
SHOCKED
I came here today to ask you!
Play this!
I like that tune.
EH?
So I wanted to hear the piano version.
Forcefully lent him the CD

This was my very first short manga when they were still deciding on whether or not to serialize this manga, I came up with this plot and showed it to the person in charge, he was really doubtful. At the time, I thought that nothing would get done if I didn't start anything, when the short volume (3 stories) was completed, I got a phone call telling me they decided to serialize it I was so surprised!

At the time, I still had my doubts It's thanks to the readers that I was able to continue. Thank you so much!!

I want to win the Pri.Con

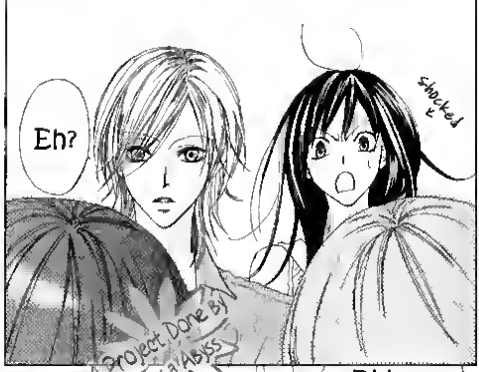
Titles:

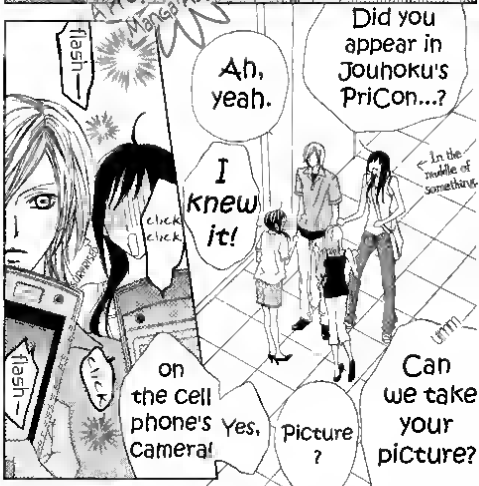
While thinking about the title, I was also thinking of the characters. I came up with "Venus" but I also wanted something related to music.

After searching, I came up with "Capriccio". They fit well together so I decided on "Venus Capriccio" as the title.

When I'm asked by strangers about what the title of my drawings is, I become so embarrassed that I usually can't tell them.

I wonder why I'm fine with the people I know.





Hey, is it okay to leave your fans...?

This is an omake about "if Takami and Akira exchanged personalities."

A Project Done By Manga Abyss

You are so careless...
It's quicker.
I want to hear you play the piano.

MUNCH MUNCH
Takami is always so mature.
I'll prepare the plates.
Wait.
Takami is...
Aah!
Do...
Don't treat me like a kid!!
...only thinks of me...
...as a little brother.

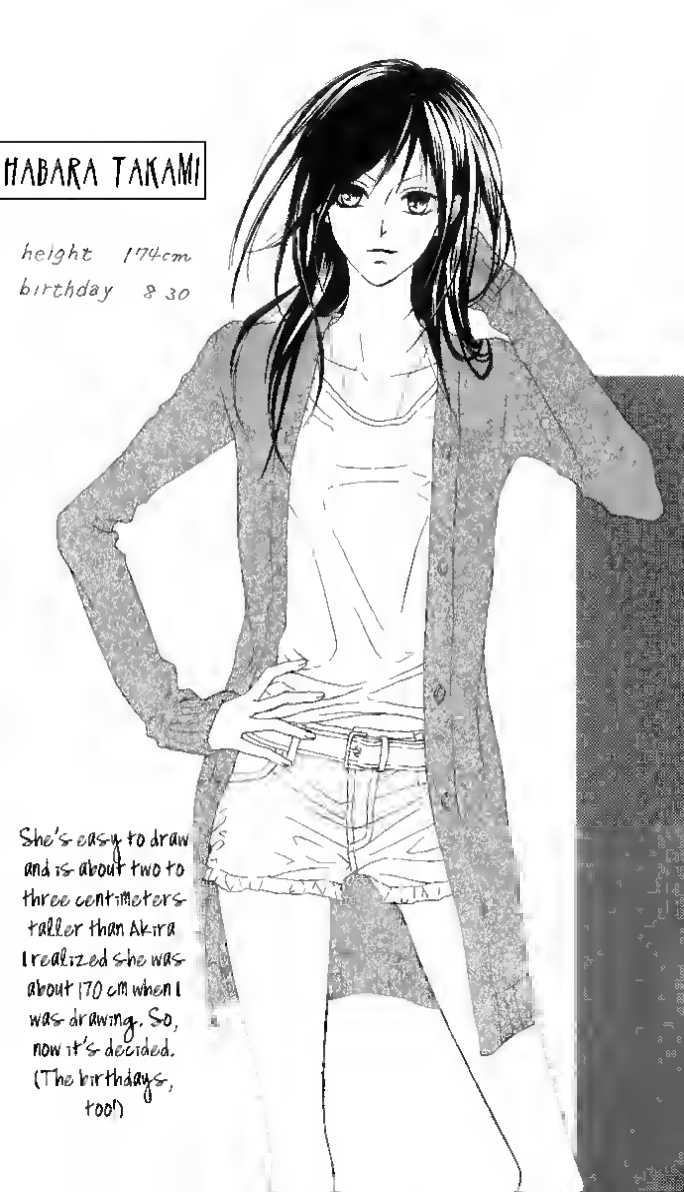
I'm sure that she...
to be continued...



HABARA TAKAMI
height 174cm
birthday 8 30
She's easy to draw and is about two to three centimeters taller than Akira I realized she was about 170 cm when I was drawing. So, now it's decided. (The birthdays, too!)

sasaki akira

height 171cm
birthday 3.30

He was difficult to draw at first, but recently he became easy to draw. It's hard painting his hair. He has blond hair and blue eyes, as Takami said. I think his coloring is slightly darker. Akira's height has also been decided now.

Afterword

Thank you for the hard work! I always stand up for my immature side. I'll be very happy when the first volume comes out. The people who read it, the people that bought it, the people who send me letters, and the people who are cheering for me, thank you so much! I thank you all from the bottom of my heart.

Special Thanks!!

For the person in charge for always taking care of me.
For my friends who cheered for me.
For my relatives at home for supporting me.
For Tsukada-sensei and The Collection of Data Corporation's DUG-sama.
And for the people who participated in publishing this book.
If you have any advice, please feel free to tell me.
It might take a while, but I will definitely reply to you!

Well, I hope we will meet someday somewhere.

Nishikata Mai
